Activ+ Mattress

Comfort Range

Experience everyday comfort and support with the Activ+ Mattress Comfort Range, thoughtfully designed to adapt to your body, keep you cool, and move effortlessly with adjustable beds.

Designed for Adjustable Beds
Cross-channelled, notched sidewalls allow the mattress to flex seamlessly with adjustable bed functions while maintaining comfort and support

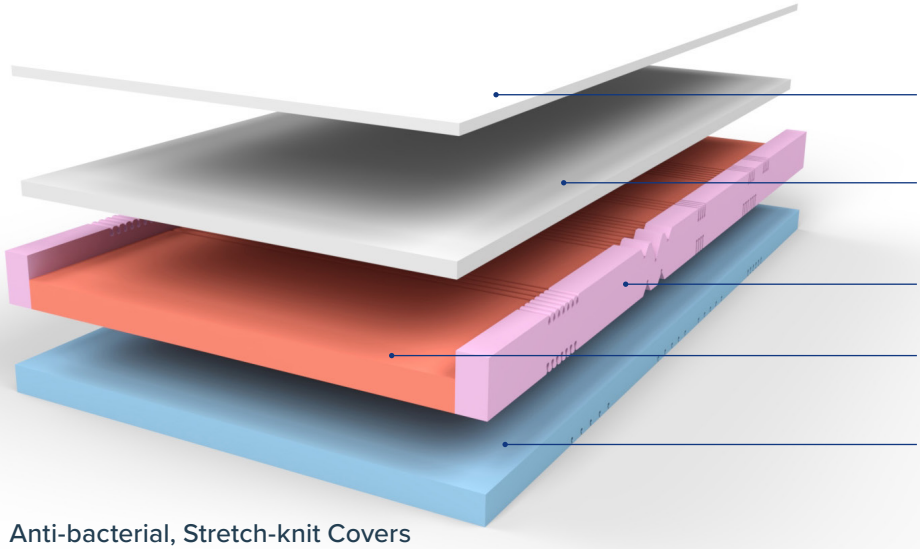

Reinforced Notched Sidewalls
Firm sidewalls with precise notches provide edge stability for transfers, without compromising bed movements

Australian-made Quality
Proudly made in Australia using high-resilience medical-grade foam for lasting comfort, support, and durability

Waveform Core
Designed with varying waveform profiles to provide targeted comfort and support where it is needed most. Firmer support zones at the head and foot sections help promote stability, while the central zone support natural body alignment

Breathable, Open-cell Foam
The highly breathable, cross-channelled support layers promote airflow throughout the mattress, helping to release excess heat and maintain sleeping comfort

Responsive Hybrid Memory Foam
Conforms to the body's contours for personalised comfort and support, while its responsive design assists with repositioning and in-bed mobility

Anti-bacterial, Stretch-knit Covers
The mattress cover tops are woven with silver-infused fibres, commonly used to help maintain a fresh and hygienic sleep surface. The range is available with either a Stretch-knit Cover set which includes interchangeable Comfort and Cooling Cover Tops, or a Pressure Care Cover designed for pressure care applications.

Stretch-knit Cover Set

Interchangeable cover tops for year-round comfort

Comfort Cover Top
Balanced support for all users

Cooling Cover Top
Promotes a cool, dry sleeping climate
