EasySit Cushion

Lightweight Gel Cushion for Everyday Comfort and Support

Whether you're at home or on the move, the Aspire EasySit Cushion is designed to keep you comfortable, supported, and confident throughout the day. Its dual-layer gel structure, low-profile design, and breathable cover make it the ideal choice for people who value both comfort and practicality.

Smart Gel Technology
Featuring an innovative dual-layer gel, the EasySit distributes weight evenly to enhance comfort over a long period of time.

Secure Anti-slip Base
Textured rubber underside grips seating surfaces to prevent sliding, keeping you safe while transferring and repositioning.

Designed for Better Posture and Independence: The cushion's low-profile shape supports a natural, upright sitting position, helping reduce strain on the body and making daily transfers easier and safer.

Breathable and Easy to Clean: The stretch fabric cover promotes airflow and helps prevent heat and moisture build up. The cover is also removable for machine washing, making it convenient to maintain healthy hygiene.

Lightweight and Travel-friendly: Compact and easy to transport, the EasySit moves seamlessly with your lifestyle, from wheelchairs to vehicles to office chairs, making comfort accessible wherever you go.

Seamless Integration with Seating: The slim design fits smoothly into wheelchairs, recliners, and standard chairs without significantly altering the armrest height or seat ergonomics, ensuring comfort without the need for adjustments.
