Wide Seat Entry suits a large range of body shapes

Low Footplate Height makes patient entry and exit easier

Large 100mm Castors (two rear locking) have low rolling resistance and for smooth ride during transportation

Soft-touch Grab Bar provides a comfortable patient support for improved stability and confidence during transfers

Seat Pad Handles provide reach-around access to carers

Height-adjustable Knee Support ensures correct positioning for a wide range of patient heights

Narrow Base improves access in tight spaces

Width-adjustable Legs with tapered close position allow access between or around chair legs

HOW TO USE

1. Open legs if required and lift seat pads. Ask the user to place feet on footplate and apply brakes.

2. Ask the user to hold the grab handle and stand up.

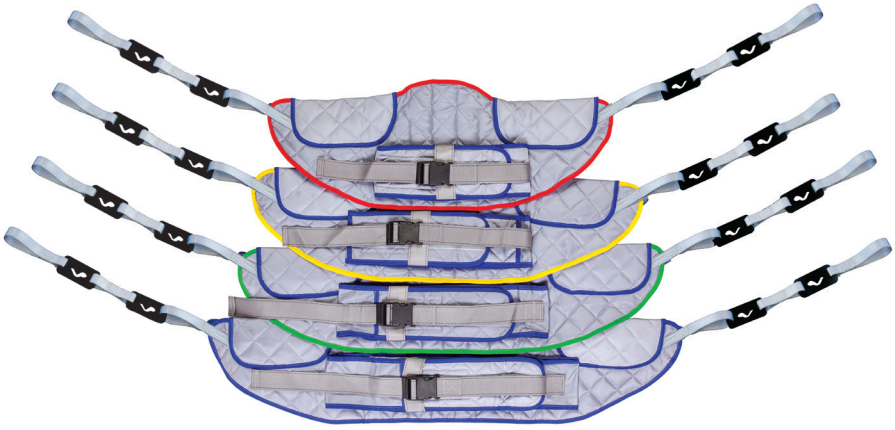

3. Swing the seat pads back into place and ask the user to sit down. Unlock brakes and commence the transfer.

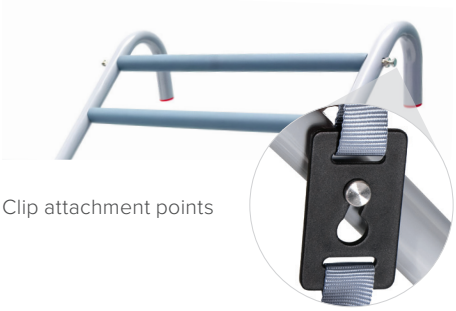

SLING COMPATIBILITY
