Comfy Sleeper Chair-Bed

Introducing the Comfy Sleeper Chair-Bed, a versatile solution for diverse healthcare settings. Seamlessly transforming from a snug lounge chair into a supportive sleeping surface, it caters to the needs of loved ones who wish to stay close to family members in a healthcare facility.

Infection Control: Designed with antimicrobial foam and medical-grade silicone vinyl, it meets stringent cleaning requirements for acute care and other environments

Effortless Assembly: The chair can be quickly assembled and disassembled without the need for any tools, making it user-friendly and convenient

Easy Mobility: Equipped with recessed locking castors, the chair is easily repositioned by users, or manoeuvred by cleaning staff

Optimal Comfort: The sleeping surface goes completely flat, which together with soft cushioning and soft silicone vinyl covering, provides a sleeping experience akin to a luxurious bed, designed to optimise rest and ensure a comfortable stay

Versatile Transformation: With an intuitive single-hand activation, the chair effortlessly transforms into a comfortable sleeping surface. This dual-purpose design conserves space and offers loved ones the opportunity to stay close to the patient
