Shower Commode Range

Where Safety, Comfort, and Functionality Meet

Daily hygiene is fundamental to our well-being and dignity. The Aspire Shower Commode range has been thoughtfully engineered to transform the bathroom experience, making it safer, more comfortable, and more efficient for both users and their carers.

Crafted from high-quality, durable materials, each commode in our range is a testament to our commitment to quality. We believe that assistive technology should empower individuals, reduce physical strain on caregivers, and integrate seamlessly into the daily routine. Discover the Aspire difference, where every detail is designed with you in mind.

Tool-free Adjustments

Simple, intuitive adjustments allow carers and users to configure the commode for optimal height and comfort without the need for complicated tools, saving time and frustration.

Integrated Safety Mechanisms

From high-quality locking castors that provide a stable base for transfers to secure armrest locks, every element is designed to ensure user safety and provide peace of mind for everyone.

Durable, Corrosion-resistant Frames

Ensures long-lasting performance and structural integrity, even in the demanding, wet conditions of a bathroom. This is an investment in years of reliable, safe use.

Seamless Padded Seats

Water-resistant, easy-to-clean surfaces prevent bacterial build-up, while the supportive padding enhances comfort and provides effective pressure care during use.

5 YEAR WARRANTY Corrosion

1 YEAR WARRANTY Components

Check our comprehensive range of **Shower Commode Accessories**

Self-propelled and Attendant-propelled Range 460 / 530 / 600mm

Open Armrests Style accommodates a wider sitting surface whilst maintaining a smaller base footprint providing improved accessibility for users

8° Backrest Angle ensures patient comfort

Self-propelled Models

Large Self-propelling Rear Wheels with Push Rims enables users with sufficient upper body strength to manoeuvre themselves independently

Safety Arms prevent falls and swing back out of the way for transfers

Integrated Access Trough improves hygiene whilst maintaining toilet bowl clearance height of 465mm

Attendant-propelled Models

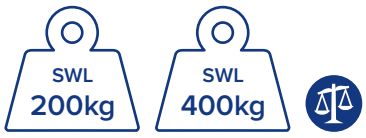

4 x TENTE Total Locking Castors great for caregivers to guide the commode through narrow doorways and compact bathrooms

Height Adjustable Swing Away Footrests

Provides unobstructed, safe access for side transfers from a bed, wheelchair, or toilet, making daily routines smoother and safer

Weight Bearing Platform with Non-Slip Surface

Allows the user to stand securely during transfers, promoting muscle engagement and reducing the physical load on the carer. It fosters a more independent and dignified transfer process
